## Walterians To Hear City Candidates

Candidates for Torrance city council and city clerk posts have been invited to attend a meeting of the Walteria Civic Organization, slated for 7:30 p.m. Wednesday night at the recreation center.

## Employment Head To Teach Job Getting Classes

"You and Your Job and Your Future," will be the theme of a free adult class to be given by Winona Ellis, manager of the Torrance branch of the California State Employment Service.

The class will be held at the Torrance Evening High School on Tuesday nights from 7 to 9, starting March 21.

The class will feature the following subjects: How to write a job-getting letter, how to apply for the interview, how to prepare a portfolio of your experience, how to get along with others in your present job.

Mrs. Ellis will be aided by Donald Manashaw, director of the Torrance School of Adult Education, who will give parts of the course. Mrs. Ellis has been employment consultant for the State of California for the past 15 years — as manager of the Torrance office, the Fresno office, and in other posts.

With a vast background of employment conditions in Southern California, as well as other parts of the state and the country, Mrs. Ellis said that good jobs frequently mean a happy, healthful, peaceful life. She and Mr. Manashaw will emphasize planning for a future, sources of jobs, and planning to make the most of your job while you have it.

Should a sufficient number enroll for the class it is expected that the University of Southern California will conduct a series of aptitude and intelligence tests so that the students may know themselves better. Dr. Donald Procter may lecture to the group in a later session on "How you can know yourself better through tests."

Registrations will be accepted in Room 204 of Torrance High School Tuesday evening, March 21.

## CHURCHES

### 'Matter' Topic Of Science Sermon Here

"Matter" is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text from Isaiah reads: "The grass withereth, the flower fadeth; but the word of our God shall stand for ever."

These verses from the 46th Psalm will be read at the service: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea; Though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof. There is a river, the streams whereof shall make glad the city of God. . . . God is in the midst of her; she shall not be moved: The heathen raged, the kingdoms were moved: he uttered his voice, the earth melted. The Lord of Hosts is with us; the God of Jacob is our refuge."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes: "Every object in material thought will be destroyed, but the spiritual idea, whose substance is in Mind, is eternal." "The three great verities of Spirit, omnipotence, omnipresence, omniscience, — Spirit possessing all power, filling all space, constituting all Science, — contradict forever the belief that matter can be actual."

John Ransom, well-known Torrance painter, will tell the congregation of the Church of God at 443 West 220th street a tale of redemption this Sunday at 7:30 p.m., that ended a trail of sin for him that wound through dope dens, whiskey hovels and a Georgia chain gang.

He will have a special message for high school students and their parents, warning of the parasitical dope peddlers and other purveyors of sin who haunt the vicinity of high schools.
